Contents

NUMBER 1, JANUARY 1982

1 *I. G. Chambers:* The role and methods of pulp testing in oral diagnosis: a review

16 *T. R. Pitt Ford:* The effects on the periapical tissues of bacterial contamination of the filled root canal

23 *Barbara Heling, A. Stabholz & M. S. Blush:* Efficiency study in undergraduate endodontic clinic at the Faculty of Dental Medicine in Jerusalem

27 *K. Kerekes & A. H. R. Rowe:* Thermo-mechanical compaction of gutta-percha root filling

36 *L. M. Lin & F. E. Shovlin:* Case report: ossifying fibroma associated with an endodontically treated tooth

39 Book reviews

40 Endodontic References

44 Abstracts

50 Notice of the British Endodontic Society

50 International Endodontic News

NUMBER 2, APRIL 1982

53 *B. G. Tidmarsh:* Preparation of the root canal

62 *H. S. M. Crabb:* The cleansing of root canals

67 *K. L. Zakariasen & P. S. Stadem:* Microleakage associated with modified eucapercha and chloropercha root-canal-filling techniques

71 *M. Simon, P. J. Van Mullem & A. C. Lamers:* A root canal disinfectant with reduced formaldehyde concentration. Cytotoxicity and anti-microbial effectiveness under clinical conditions in monkey teeth

77 *F. Goldberg:* Endodontic implant: a scanning electron microscopic study

79 *C. O. Eggink:* The value of the bacteriological culture in endodontics. I. The influence of infection during and after treatment

87 *E. E. Stobberingh & C. O. Eggink:* The value of the bacteriological culture in endodontics. II. The bacteriological flora of endodontic specimens

94 Book reviews

95 Endodontic References

98 Abstracts

104 Notice of the British Endodontic Society

104 International Endodontic News

Volume Contents

NUMBER 3, JULY 1982

105 *R. M. Block, R. D. Lewis, J. B. Sheats, S. H. Burke & J. Fawley:* Antibody formation and cell-mediated immunity to dop pulp tissue altered by eight endodontic sealers via the root canal

114 *R. R. Lehmann & H. Sluka:* Distribution of TiO_2 after partial and total pulpectomy

121 *T. R. Pitt Ford:* Vital pulpectomy—an unpredictable procedure

127 *D. A. McGowan:* Endodontics and infective endocarditis

132 *T. C. F. Mentz:* The use of sodium hypochlorite as a general endodontic medicament

137 *M. de C. Russo, R. Holland & V. de Souza:* Radiographic and histological evaluation of the treatment of inflamed dental pulps

143 *S. Cohen:* Endodontic treatment for a Bengal Tiger

147 Book reviews

149 Endodontic references

152 Abstracts

158 Notice of the British Endodontic Society

158 International Endodontic News

NUMBER 4, OCTOBER 1982

161 *Kerstin Petersson, G. Hasselgren, A. Petersson & L. Tronstad:* Clinical experience with the use of dentine chips in pulpectomies

168 *I. A. Nelson:* Endodontics in general practice—a retrospective study

173 *R. S. Tobias, C. G. Plant & R. M. Browne:* Reduction in pulpal inflammation beneath the surface-sealed silicates

181 *M. M. Negm, A. A. Grant & E. C. Combe:* Sealing quality of a newly designed root canal filling material following apicetomy compared with amalgam and heat-sealed gutta-percha

184 *P. C. Foreman:* Adverse tissue reactions following the use of Spad

187 *W. R. Moorer & P. R. Wesselink:* Factors promoting the tissue dissolving capability of sodium hypochlorite

197 *Sylvia D. Meryon, P. G. Stephens & R. M. Browne:* A modification of the Millipore method for screening restorative materials

203 Correspondence

204 Book reviews

206 Endodontic references

208 Abstracts

210 Notice of the British Endodontic Society

211 International Endodontic News
